PASSION THROUGH DESIGN

We have a heart for helping and serving others. Each pool is an opportunity for us to bring your dream to life. Work directly with our design team to capture your vision with our 3-D software and show room.

INTEGRITY

We live by our values and stand by our work. Our relationships are built on honesty and respect. Build your pool with a company you can trust. At Palo Verde, expect the extra mile.

ELEVATED QUALITY

Transforming your yard shouldn't be a stressful experience. From the design to construction, quality is one of our top priorities. Quality in design, quality in construction, and quality throughout the experience.

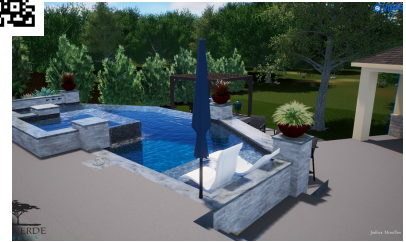

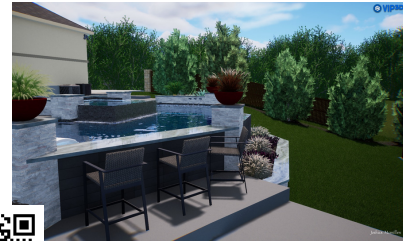

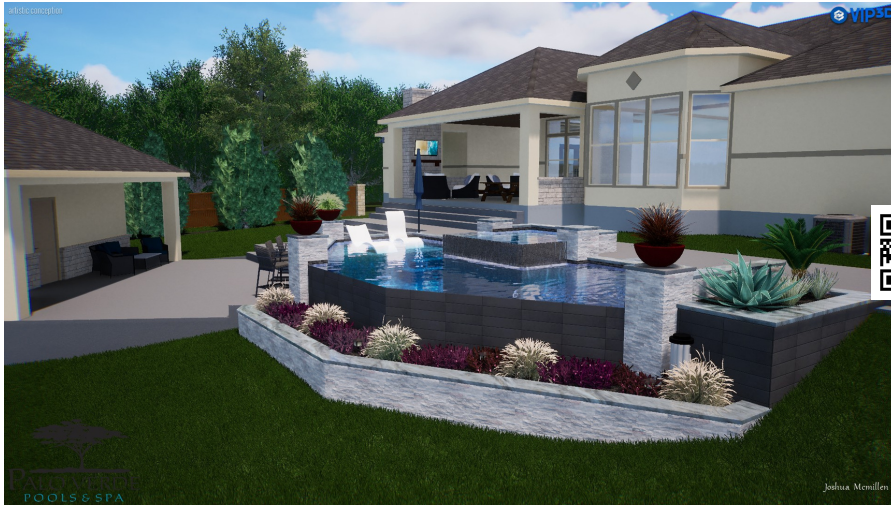

Palo Verde Pools & Spa was established in Boerne, Tx, in 2021, with the intent of providing a unique and highly personalized experience for our clients. Experience the right way to build pools. Palo Verde designs & builds pools in Boerne, San Antonio, New Braunfels, and the surrounding areas.

FREEFORM DESIGN

Design is only half of the process. Upon going into contract with Palo Verde, our designers will create working plans, such as the example below. This highly detailed document will be used to construct the pool.

Design to Finished Product

The quality of the pool starts with design. A highly detailed design will lead to an even better finished product. Every aspect of the pool building process matters to us. As you can see below, our 3-D renderings provide an incredibly accurate example of what you can expect. This is what we strive for here at Palo Verde Pools & Spa - unmatched designs with unmatched finished pools.

SERVING OTHERS

Experience the pool building process the way you want it to be. Palo Verde Pools & Spa focuses on you. We aren't just building pools, we are changing the way yards are imagined through unmatched design and customer service, relations established on trust and honesty, and top-tier construction to back the process.

We have a heart for serving others. The Palo Verde family has taken decades of pool building experience to capture what the right pool building process should look like. Our design team can help you create an unmatched design. We see back yards differently. We use the natural elevations, the aesthetic of the home and landscape, and your personal input to envision a true dream oasis.

MEET THE TEAM

Palo Verde Pools & Spa was established in Boerne, Tx, in 2021. Since the company began, the Palo Verde family has grown from four employees to an entire team consisting of pool designers, superintendents, and office management. Palo Verde serves Boerne, San Antonio, New Braunfels, and the surrounding areas.

Expect the Palo Verde experience whether you are working with one of our designers, superintendents, or office managers.
